To Whom It May Concern:

This letter is regarding Case # 5:19-CV-1310 (Dish Network LLC and Nagrastar LLC. v Debra Henderson, John Henderson, and Boom Media LLC). As instructed by your ticket system I am requesting, in writing, an extension. The circumstances regarding the case and obtaining counsel have caused some delays. I hired Erin Russell who was supposed to file our answer. On December 7th 2019 Ms. Russell, after "examining her current litigation docket," decided she could no longer represent us. Mr. Timothy Frank then informed me he had gotten us an extension until December 24, 2019. This happened on December 11, 2019. This was not enough time. After several consultations with Attorneys in the proper district turning us down, I sent in a ticket to the court's web system on December 24, 2019. I received a response on December 26, 2019 that I must drop off a handwritten request to the court. Being that I live in N.C. I need to send by mail. I am requesting 60 days from this date to obtain counsel and file my answer. I hired an attorney with plenty of time and did not expect

her to drop out with only 9 business days to hire a new attorney. Most of the paid ~~cons~~ consultations I have gotten have ended in the attorney's not having an understanding of the products and processes in question and I need to broaden my search. For these reasons I pray that the court will grant my extension of 60 days. Thank you.

Truly Yours,
John Henderson
